Features

Everything you need to run a modern library.

Book Management

Add, update, and categorize books effortlessly. Manage bulk uploads and track ISBNs.

Member Management

Streamlined registration, ID generation, and profile management for students.

Issue & Return

Track borrowing in real-time with due date reminders and auto-fine calculation.

Analytics

Gain insights with reports on borrowed books, active members, and monthly trends.

Smart Search

Advanced filtering by title, author, and category for quick book discovery.

QR / RFID Ready

Future-proof your library with fast check-in and check-out integration support.

Why Choose Librario?

Fast & Easy

Optimized for performance and speed.

Secure

Enterprise-grade security for your data.

Data-Driven

Real-time insights to make better decisions.

Mobile Responsive

Access your library from any device.

Mobile Responsive

Access your library from any device.

Librario

Empowering institutions with intelligent library management solutions. Simple, fast, and secure.
